

federally assisted action documents that the project will not cause significant local, regional, state, or national impacts on the human environment. The findings of Sylvia Gillen, State Conservationist, indicate that the preparation and review of an environmental impact statement is not needed for this project.

The project purpose is to reduce salt loading to the Muddy Creek which is a tributary to the Colorado River. Excessive loading is a result of seepage from the canal and delivery ditch systems and inefficient irrigation application methods and procedures. The planned works of improvement include replacement of delivery ditches with an on-farm and off-farm underground pipeline system; the installation of irrigation sprinkler systems; structures for water control; and wildlife habitat development. These enduring practices are accompanied by facilitating management practices such as; Irrigation Water Management, Wildlife Habitat Management Wetland, and Wildlife Habitat Management Upland.

This Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State and local agencies and interested parties. Copies of the FONSI and Plan/Environmental Assessment are available by request from Sylvia Gillen, Utah State Conservationist. Basic data developed during the environmental evaluation are on file and may be reviewed by contacting Sylvia Gillen, Utah State Conservationist. Copies of the Plan/Environmental Assessment and FONSI may be obtained from Mr. Wayne Greenhough, District Conservationist, USDA-NRCS, 540 Price River Drive, Price, UT 84501; telephone: (435) 637-0041; extension 19.

No administrative action on implementation of this project will be taken until 30 days after the date of this notice is published.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.902, Soil and Water Conservation and Environmental Quality Incentive Program 10.912.)

Signed in Salt Lake City, Utah, on February 18, 2005.

Sylvia A. Gillen,

State Conservationist.
